## **Information for dog owners holidaying at Country Cottages:**

At Country Cottages, well-behaved sociable dogs are welcome. However to ensure we are able to continue to extend this welcome to you and future guests, we would ask you to please be aware of the following:

- We allow a maximum of two small dogs per cottage at any one time. (Larger dogs at our discretion). The responsibility for any personal injury or damage caused by dogs whilst holidaying on our property remains with the pet owners, who must agree to pay for claims or costs related to the dogs activities.
- A one off fee of \$15.00/\$20.00 per dog/stay (depending upon length of stay) applies to guests accompanied by dogs. We reserve the right to charge an additional cleaning fee if found necessary.
- Dogs are allowed inside the cottages, however we request they be kept out of the bedrooms and off all furniture. This will help us to maintain a high standard of cleanliness and hygiene for you and other guests.
- Dogs must not be left unattended on the property or in the cottages and should be taken with you at all times. (We are not a substitute for a kennel). Dogs can become anxious in a strange environment, which leads to barking, damage or accidents occurring.
- Dogs should be kept under control on a lead during walks around the property. This will improve safety not only for your dog and the wildlife, but also for other guests and their dogs as well.
- Dogs are not allowed in the horse paddocks for reasons of safety to both horses and dog alike.
- In order to maintain clean grounds for other guests, please be responsible for cleaning up after your dogs.
- To protect the health of your dog and that of other guest's pets, please ensure your dogs are up to date with vaccinations. (We do not require to see the vaccination certificates).
- Please be aware that dogs are not permitted in National parks and rangers can issue spot fines. Country Cottages has many dog-friendly beaches within 10 to 15 minutes' drive. In particular Ledge beach and Nanarup beach are close at hand. Alternatively we suggest the possibility of "doggy day care" at a local kennel. We can provide contact details if required.
- Finally we would ask you to bring any necessary bedding and towels for your dog.

We trust you understand the need for the above guidelines and seek your cooperation, so we may continue to offer our cottages as a holiday destination not only for you and your family but for your faithful companion as well.
